DOBBIN'S ELECTRIC SOAP.

Having obtained the agency of this celebrated soap for Geneva and vicinity. I take pleasure in calling attention to the following testimonials of some of our best people, as to its merits:

"As a time, labor and money saving article, I take pleasure in recommending Dobbin's Electric soap to my neighbors. I have used it, and it is the best soap I ever saw. It promises a great deal, but it does it all."

Mrs. H. N. KNOWLTON.
I have no hesitation in saying that I have no house-keeper should be without Dobbin's Electric Soap. I heartily recommend it to all my neighbors. Try it, and you will use no other.

R. B. HOWELL.
I would not undertake to do one washing without it. It certainly saves half the labor.

Mrs. C. G. LEECH.
I do not hesitate to pronounce Dobbin's soap to be the best I ever used. The rapidity and ease with which it enables one to do one's washing, is really surprising. Boiling the clothes is unnecessary, and no rubbing is needed. I would not be without it.

LAURA STILLWAGON.
I have made arrangements with the manufacturers in Philadelphia, so that I can furnish the soap in any quantity desired.

CALL FOR COUNTY GREENBACK CONVENTION.

There will be a mass convention of the National Greenback party of Allen County, Kansas, at Iola, on Saturday the 21st day of September, 1878, at the court house at one o'clock of said day. The object of such convention will be, 1st, a more complete organization of the party and the promulgation of the principles. 2nd, the nomination of a full county ticket for the November election. Distinguished advocates of its cause have been invited to be present and we expect a full representation of the people by the people themselves. All friends of the cause, without reference to past party affiliations, who believe in the principles of the National Greenback Party are most cordially invited to meet with us and participate in the deliberations of the convention. The only credentials which will be required will be faith in the well known and now almost universally accepted political creed of the party and a loyal devotion to its cause together with a fearless and outspoken advocacy of its claims upon the people.

J. H. RICHARDS,
Chairman Central Committee.

—Probably the grandest meeting, the largest in numbers ever held in the State, will commence the 30th of this month at Bismarck Grove, near Lawrence. In another column we publish full particulars in regard to it, as furnished us by the President of the Kansas State Temperance Union. It will be much more pleasant if those who expect to attend could all go together and it would be a good idea to get together and see who's going and when.

—It has been decided in the District Court in Allen county, that the owner of a barbed wire fence is liable for damage done to stock, by reason of said fence.

—The above item we find floating around among our State exchanges. There has been no "barb wire case" before the District Court of this county. The Justice Court of this township did try a "barb wire damage to a horse" case, but the judgment was influenced by some agreement between the parties. There was nothing in the decision that would affect the lawfulness of the fence or in any way make it a "test case."

—We understand that the prodigal son has returned but the fatted calf was not killed. More anon. Dox.

OREL NEWS.

OREL, August 21st, 1878.

—We are having very dry, warm weather. A good time to make hay and the most of our farmers are improving it. While we are favored on one hand it is much against us on the other as it is so dry that it is impossible to plow for wheat.

—The corn crop will be much short of what farmers anticipated on account of the hot, dry weather. Late corn will be near a failure, which will learn us to start with the season.

—Mr. C. P. Keith and wife made a drive to Ft. Scott and back last week. We hope they had a pleasant trip.

—Mrs. Meeker, sister to Ezra Rhoads, and Miss Carey, both from Sedalia, Mo., are out visiting Mr. and Mrs. Rhoads. They intend staying some weeks.

—We will tell you Iola boys that you may beat our "Hay Makers" playing ball, but if you would come out about now and pitch hay with them they would show you how the curved ball went.

—The colored and white people had a basket meeting at Walnut Grove the other Sabbath. There was quite a gathering and everything went off nicely.

—Miss Daughters is employed to teach the Walnut Grove school for the next term, commencing about the middle of September.

TEMPERANCE CAMP MEETING.

LAWRENCE, Kans., Aug. 15th, 1878.

The Grand National Temperance Camp Meeting at Bismarck Grove, at Lawrence, Kansas, on the Kansas Pacific Railway, is developing into a grand success. The attendance during the meeting will be immense, not less than 100,000 people participating. There are large numbers from all points east of Kansas who desire to attend, and railroads leading to Kansas will make a low rate for parties in car load lots, if application is made at an early day to the General Passenger Agent of the various railroad lines, and all Temperance Societies throughout the Union should immediately interest themselves in getting up parties, and perfecting arrangements to secure excursion rates on some one, two, or three different days during the continuation of the camp meeting, from August 30 to September 9, inclusive. The rates of fare given, so far as indicated, have been about one cent per mile, counting miles both ways.

The arrangements of every description for entertaining the vast assemblage are of the most extensive scale. The Kaw Valley Agricultural Fair will be held at Lawrence at the same time. The Centennial display of Kansas products, at Philadelphia, in 1876, will be reproduced, and among those who will be present to address the immense concourse of people, will be the most distinguished statesmen, divines and temperance orators of the Union.

Over forty bands of music and upwards of five hundred vocalists, including celebrated soloists, will assist in the musical exercises.

On Good Templars Day, September 6th, there will be a grand parade in regalia, of all the Lodges in Kansas and adjoining States.

An attractive feature of the occasion will be a Children's Day, September 5th, on which thousands of children from Kansas and adjoining states will be present and be entertained.

Tents will be furnished accommodating from 5 to 15 persons each, at a rental of 50 cents to \$1. per day for the whole tent, and good meals will be furnished at 25c. per meal. Those desiring board outside the grove, will be entertained at hotels and residences in Lawrence and adjoining towns.

Telegraph office, express office, post office and railroad ticket office on the grounds.

Please notify D. Shelton, Kansas City, Mo., Chairman Committee on Transportation, of any arrangements made for reduced rates and the probable number of tents required, and write to him for any information desired.

J. P. ST. JOHN,
Pres. Kans. State Temperance Union.

KANSAS CITY EXPOSITION.

The following circular has been issued by Mr. J. E. Lockwood, General Ticket Agent of the Leavenworth, Lawrence and Galveston Railroad:

This company will make an exhibit of products of the country through which its line passes, at the Kansas City Industrial Exposition, which opens here on Monday, Sept. 16, 1878. You will please collect and forward to my address samples of any natural products, such as Mammoth Vegetables, Fruit, Corn in the Ear and on Stalk, Grain, Grasses, or anything thought valuable or attractive enough for such display. We desire such contributions, but articles so contributed will not be entered for premiums. Our only object is to show what the country can do, and it is hoped that farmers and others along the line will take an interest in this matter, and by their contributions assist the company in making such a display as only South-eastern Kansas can. All articles should be marked with the name of the country from which they are sent and name of the party contributing. Articles should not be forwarded before Monday, September 9th, but it is necessary that none should be received here later than September 14th.

Persons wishing to contribute articles for this exhibit, can obtain further information by calling on Mr. R. S. Ayres, station agent, at this place.

Anyone wishing grain drilled in will please call on the undersigned. Terms reasonable.

NOTICE.

I wish it distinctly understood that I am now convinced that Mr. and Mrs. Tucker had nothing to do in regard to Mrs. Mollie L. Foval leaving my house and place of abode. It was of her own accord. Respectfully,

ISAAC FOVAL.

AN UNDENIABLE TRUTH.

You deserve to suffer, and if you lead a miserable, unsatisfactory life in this beautiful world, it is entirely your own fault and there is only one excuse for you—your unreasonable prejudice and skepticism, which has killed thousands. Personal knowledge and common sense reasoning will soon show you that Green's August Flower will cure you of liver complaint or dyspepsia, with all its miserable effects, such as sick headache, palpitation of the heart, sour stomach, nervous costiveness, dizziness of the head, nervous prostration, low spirits, &c. Its sale reaches every town on the Western Continent, and a druggist but will tell you of its wonderful cures. You can buy a sample bottle for 10 cents. Three doses will relieve you.

NECESSARY EVILS.

Among these are the painful symptoms that warn us of the approach of disease. Many thousands suffer the miseries of Headache, Indigestion, Constipation, Acid Stomach, Low Spirits, Nervousness, Liver Complaint, Coated Tongue, Cramps, Diarrhoea and Bowel Disorders, Heartburn, Debility, Palpitation of the Heart, Wakefulness, Rheumatic and Neuralgic Pains, and do not know that these Dyspeptic symptoms may terminate in dangerous disorders if too long neglected. Parker's Ginger Tonic, by increasing the secretion of the gastric juices, and arousing all the functions of the stomach to healthful activity, ensures the conversion of food into pure, rich blood, gives strength to all the organs, and soon dissipates these disorders. Ladies suffering from a debilitated system will find this Tonic wonderfully beneficial. It is pleasant in taste, invariably restores regularity and relieves painful periods, soothes the nerves, invites refreshing sleep, and renews the glow of health to the pallid cheek. By partaking freely of it every mother will comfort and strengthen both herself and nursing babe, and at the dangerous period of teething can surely prevent and cure those howl disorders that so often prove fatal. Buy a \$1.00 bottle from your druggist, R. B. Stevenson, Iola, Kansas, or a sample bottle at 15 cts., and test its extraordinary merits.
